HuskyADAPT is a student organization and College of Engineering design course that works in partnership with local need experts to innovate and address every-day challenges for individuals with disabilities. Our design teams have been diving into new challenges this Fall and are preparing to build and test their designs in the new year. We appreciate your time and feedback!

**2017 – 2018 Design Course Teams**

As part of 1-2 credit College of Engineering Vertically-Integrated Project (VIP) design course, these multidisciplinary teams representing seven departments have been paired with local need experts to address a wide variety of design challenges.

**Team Cajun: Daily Dexterity & Manipulation**
- Allison Zech, Lien White, Courtney Smith, Tai Ford

**Display: Collaborative Play Environment for All**
- Erin Ciliv, Amy Larsen, Joseph Lawler, Erica Less, Preston Pan, Kotoko Yamada

**EasyType: One-Handed Minecraft**
- Douglas L. Allison, Jessy Ha, Ellani Johnson, Sarthak Turakhia

**Exercise & Neuropathy**
- Jacob Cadwell, Shan Lin, Zhenhuan Mu, Xiaoyu Ye

**Helping Hand: Simple Hand Solutions for Hemiparesis**
- Ivan Cordero, Balakumaran Gopalarethinam, Sarah Idemoto, Micah Wilson

**Imagineers: The Day Tracker**
- Vera Chen, Cheyenne Sokkappa, Swetha Ramaswamy, Anthony Ugas

**Lend-a-Hand: Arm Rehabilitation Support**
- Dana Honstain, Yuri Hudak

**Reborn: Kitchen Accessibility & Manipulation**
- Kristin Anderson, Long C. Ho, Victoria Peskin, Aditya Sharma

**SafeWheels: Steering for Early Powered Mobility**
- Colin Eckhoff, Kush Tekriwal, Hongjian Jiang

**Transfer: Standing to Sitting Innovations**
- Hyeongju Choi, Ritika Gupta, Jasmine Hawkins, Sharon Heung, Yoonbo Shim

**2017 – 2018 Student Club Teams**

The student club also forms design teams with students from across the university to work on design challenges and outreach opportunities with the local community.

**Inexpensive Switches**
- Kaitlyn He, Annapurni Sriram, Danielle Fung, Claire Mitchell, Rubyna Vohra

**Wireless Toy Attachments**
- Angie Thai, Yangmei Zhao, Jack Lalone, Evelena Burunova

**Toy Type Converter**
- Jacqueline Li, Jennifer Li, Jessica Craig, Nisha Pradhan

**Accessible Lunch Box**
- Marzi Branyan, Victoria Ito, Nikita Kavalovs

**Magic Arms**
- Victoria Chow, William Lin, Eva Gao, Andrew Love, Brian Do, Edgar Onofre

**Universal Zippers**
- Karli Berger, Frances Kato, Yini Guan

**Restrooms & Short Stature**
- Momona Yamagami, Sarah Wadell, Seungju Choi, Kara de Leon

**High School Outreach**
- Nataliya Rokhmanova, Roslyn Erlewine, Brandon Nguyen, Kearsten Segov, Brianna Goodwin, Richard Galindo, Daniel Goldfine

We thank our need experts for their time and commitment working with the teams, as well as the Mathers Fund to Empower & Improve Human Ability for their ongoing support of HuskyADAPT.
